From public signals to a smarter first move.

For building-material and electrical suppliers.

Know why.
Then make your move.

KliSeer

A prospect list is not a reason to reach out.

The missing link is context—not another list of names.

What do we sell?

Products, service regions,
and the buyers we serve.

What happened?

Dated public activity,
with a source to inspect.

Why reach out?

A relevant next step,
not an assumption of demand.

KliSeer

Electrical supply coordination

Hi Moishy Rosman,

Would it be useful to discuss electrical supply requirements for upcoming work?

Illustrative copy · Kliseer does not send this email.

Why this prospect—and what should I verify before I reach out?

Kliseer

Hivolts is a historical Tier S sample (16/20). The DOB record shows temporary power / generator-hoist work dated November 1, 2026; that signal does not confirm purchase intent.

Target fit was 1/5 in this snapshot because company types were not specified. Verify the contact source before outreach.

Illustrative response · Historical Nov 7 snapshot

KliSeer

Vultr powers the working system.

Compute, persistent data, and inference each have a distinct job.

Cloud Compute

Next.js app, workflows, and scheduled permit ingestion

Supabase on Marketplace

Postgres records: profiles, chat, companies, signals

Serverless Inference

AI-assisted setup, contextual responses, outreach drafts

Rules calculate scores.
The model interprets and drafts.

KliSeer

Useful AI has clear boundaries.

Relevance score	≠	Buying intent
Sourced contact	≠	Verified contact
Generated draft	≠	Sent email

The seller keeps the final decision.

KliSeer

A clearer decision,

not just more data.

Focused research

Start from the seller's products and regions.

Defensible priorities

Inspect the dated evidence and the scoring factors.

Relevant first contact

Prepare outreach with context the rep can review.

Next to validate—not measured results: Time to reviewed shortlist · Evidence accuracy · Draft usefulness

KliSeer

Know why.

Then make your move.

Seller context.
Public evidence.
Human judgment.
